Brand & Company Profile

Tailored Stories is a Colombian-born children's brand that transforms storytelling into wearable experiences. Each garment is built around an original story, illustrated and narrated, turning clothing into a medium where imagination, craftsmanship, and emotional connection come together.

What began as a social-impact initiative to create dignified employment for mothers head of households, has evolved into an international brand rooted in what we call Social Creativity: everyday objects elevated through narrative, design, and purpose- Our products are designed to be timeless, collectible, and meaningful-created for children, cherished by families, and valued by concept-driven retailers worldwide.

Manufacturing & Origin

Country of Manufacture: Colombia

Production Model: Small-batch, ethically produced

Social Impact: Garments and soft goods are made by skilled women artisans and seamstresses, many of them mothers head of households, under fair and dignified working conditions.

Shipping & Logistics

Primary Shipping Point: Guarne, Antioquia - Colombia

International Shipping: EXW Ex Works
